

R.A.P

Personal Details

Name: Raymond Ashford Paradza

Nationality: Zimbabwean

Gender: Male

Marital Status: Single

Religion: Christianity

Location: Guntur, Andhra Pradesh, India

Course: Bachelor of Technology in Electrical and Electronics Engineering (EEE)

University: Vignan's Foundation for Science, Technology & Research (VFSTR)

Specialization Interest: Electric Vehicles (EV) and Web Design

Languages Known: English

About

Ambitious and highly technical student at VFSTR, combining a strong foundation in Electrical and Electronics Engineering (EEE) with a specialized focus on Electric Vehicles (EV). Certified web designer through Udemy with practical experience building modern, user-focused digital solutions. Driven by a passion for clean code, power systems, and the future of sustainable transportation.

CURRICULUM VITAE

RAYMOND ASHFORD PARADZA

📍 Guntur, Andhra Pradesh, India

Experience

Web Design Student Trainee

Udemy Online Learning Platform

2024 – Present

- Completed web design and development courses focusing on HTML, CSS, JavaScript, and responsive website design
- Developed practice websites and user-friendly web pages for learning and portfolio projects
- Improved understanding of UI/UX principles and modern web technologies

Engineering Student

VFSTR University

2024 – Present

- Studying Electrical and Electronics Engineering (EEE) with a growing specialization in Electric Vehicle (EV) technologies
- Participated in academic projects related to electronics, electrical systems, and modern engineering applications
- Collaborated with classmates on technical assignments and presentations

Education

Vignan's Foundation for Science, Technology & Research (VFSTR)

*Bachelor of Technology in Electrical and
Electronics Engineering (EEE)*

Minor: Electric Vehicles (EV)

2024 – Present

Udemy Certification

Complete Web Design & Development Course

2024 – Present

Skills

- Web Design and Development
- HTML, CSS, and JavaScript
- Electrical and Electronics Engineering Knowledge
- Electric Vehicle (EV) Technology Fundamentals
- Problem Solving
- Team Collaboration
- Communication Skills
- Creativity and Innovation
- Attention to Detail

PROJECTS

Personal Portfolio Website

- Designed and developed a responsive portfolio website using HTML and CSS
- Applied modern UI/UX concepts and responsive layouts

EV Technology Research

- Studied electric vehicle systems, battery technology, and sustainable energy applications
- Explored future developments in electric mobility

Electronics Mini Projects

- Worked on practical electronics and circuit-based academic projects
- Performed basic circuit analysis and troubleshooting
